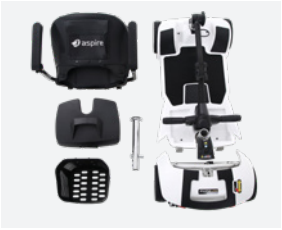
Supalite Scooter

Small Pull Apart

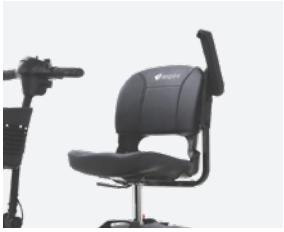
Performance Meets Portability.

Engineered for stability and smooth manoeuvrability, this ultra-lightweight 4-wheel scooter disassembles effortlessly into travel-friendly components. With convenience built into every detail, the Supalite supports an active, independent lifestyle.



Compact Pull-apart Design

Easily disassembles into five parts for effortless lifting and transport.

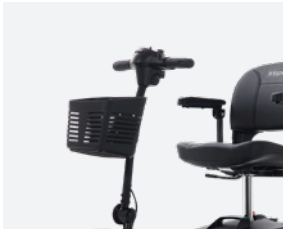


Smooth Transfers

Easily access the padded seat by lifting the armrest out of the way for seamless transfers.

Adjustable Tiller for Effortless Control

Easily adjusts to your preferred angle for a more comfortable and personalised ride.



Stable Ride

Front frame-mounted seat post restricts movement, helping you feel more secure.

Light to Lift

At just 10.7kg, the heaviest part is easy for carers to lift and fits neatly in most car boots or storage spaces.

Simple Interface

Streamlined display allows users to handle with ease and focus on their surroundings.
